FEES FIXING POLICY OF THE SCHOOL

The school follows a systematic, transparent and responsible approach for fixing the annual fee structure. The fees are reviewed and determined by the School Management on an annual basis, taking into consideration the overall educational and operational requirements of the school.

The fee structure is decided based on factors such as quality of education, staff salaries, academic resources, infrastructure and maintenance, transportation facilities, co-curricular and sports activities, technology-enabled learning, safety and security, and other student-support facilities provided by the school.

The Management also considers the increasing costs of maintaining and upgrading school facilities while ensuring that the fee remains reasonable and commensurate with the quality of education and services provided. Any revision in fees, wherever necessary, is made after due consideration of the school's requirements and communicated to parents in a clear and timely manner.

The school is committed to maintaining fairness, transparency and accountability in its fee-fixing process while continuously striving to provide students with a safe, enriching and quality learning environment.
